

**swatchCUTTER 500™**  
*(Fabric Sampling (Pinking) Machine)*

**INTRODUCTION**

PARAMOUNT swatchCUTTER 500™ is an accurate & convenient Equipment for preparing swatches with pinking edges in multiple layers to a depth of 30 mm (1.2”) and width of 500 mm (19.5)

**EQUIPMENT**

PARAMOUNT swatchCUTTER 500™ is a user friendly versatile Swatch Cutting Machine for making swatches upto 500mm (19.5”) quickly & conveniently The specially designed Equipment can cut swatches in multiple layers up to a depth of 50mm. It can make samples out of any type of fabric (woven/knitted or non woven) with the special imported Italian scissor. The equipment is mounted on a strong & sturdy table for ease in operation. The sample sizes can conveniently determined by the graduated screen fixed on the fabric guide bar. The cutting area is fully protected by a transparent acrylic sheet for safety, which also helps the operator to view the cutting operation. The specially designed cutting board is provided to support the sample to cut & long life of the blade. A specially designed long handle is attached with the equipment for smooth cutting with minimum operator fatigue. The equipment is meticulously finished in blue & grey paint to give a gorgeous look.

**SALIENT FEATURES**
